Description:

AFSC/Magellan Federal is a market leader providing high-impact, innovative, and cost-effective solutions to the nation's most demanding human needs. With headquarters in Arlington, VA, we have over 1,400 workers in 52 states and territories and 14 countries. We are known for our deep commitment, extra effort, and constant innovation every day working to provide management consulting and program delivery to many of the most vital government programs serving the military and civilian communities. Our teams span from focused strategic planning engagements to very large programs focused on operational services such as adjudication support and broader case management functions. We have deep experience in the full spectrum of quality-of-life programs serving the military lifecycle—including healthcare, resiliency, suicide, family strength, education, employment, and financial/legal support. Our expertise has been recognized by several White House Administrations, Congress, and throughout the DoD and VA. We also support many of the nation's largest military nonprofit organizations—contributing thousands of hours of pro bono consulting back into the nonprofit sector from which we sprang. Our legacy goes back to 1879 with the formation of a nonprofit organization, Army Mutual Aid Association (AMAA), established to care for surviving spouses from The Battle of Little Big Horn. Before there was a Veterans Administration, AMAA was working to make sure veterans and their families were cared for. In the year 2000, AFSC was spun off as a separate organization owned by disabled veterans, with a mission to expand our services and bring our special skills and commitment to serve the government's most critical human needs. In 2016, Magellan Health, one of the nation's largest healthcare companies, purchased AFSC to create Magellan Federal, a team fully dedicated to serving the federal market providing healthcare and human services that ensure maximum "whole-life" health and productivity for the military, federal employees, and federal program recipients. Today, we operate as a wholly-owned subsidiary of Magellan dedicated to improving the lives of Service members, veterans, families, civilian federal workers, and federal program recipients.

AT&T Inc.

Company Web Address:

<https://www.att.com/>

Company Main Phone Number:

214-757-4656

Description:

As the first truly modern media company, AT&T has been changing the way people live, work and play for the past 144 years. It started with Alexander Graham Bell's telephone. Since then, our legacy of innovation sparked the invention of the transistor – the building block of today's digital world – as well as the solar cell, the communications satellite and machine learning.

Throughout its history, AT&T has reinvented itself time and time again. Most recently, the company added WarnerMedia to reshape the world of technology, media and telecommunications. And the two companies are no strangers to making history together. In the 1920s, AT&T built technology to add sound to motion pictures which Warner Bros. then used to create the first talking picture, *The Jazz Singer*.

For over 100 years, WarnerMedia and its family of companies have redefined how audiences around the world consume media and entertainment. It launched the first premium network in HBO and introduced the world's first 24-hour all-news network in CNN. WarnerMedia continues to deliver popular content to global audiences from a diverse array of talented storytellers and journalists.

Today, we're shaping the future with premium content, high-speed networks, direct-to-consumer relationships and an advanced ad technology platform. AT&T and its employees are united by a shared desire to inspire progress and change the world for the better.

Bullhorn provides cloud-based CRM and operations solutions for the staffing industry. Its automated data capture and customer insight technology helps companies engage candidates and win customers. Today, more than 10,000 companies rely on the Bullhorn platform to help increase sales, improve service delivery, and streamline operations. Headquartered in Boston, with offices around the world, Bullhorn employs over 950 people globally. The company is founder-led and backed by Insight Venture Partners. Ever since, Bullhorn's leadership team has been focused on delivering dynamic and secure solutions for the staffing industry built in collaboration with agile development and user-centered design. With an entrepreneurial approach and great passion for the customers we serve, Bullhorn has been leading the staffing software industry for over a decade with a variety of product offerings. Description:

A MISSION TO SERVE Founded by Taya Kyle, the Chris Kyle Frog Foundation was established to create a legacy of service that honors her husband, American Sniper, Chris Kyle. The mission of the Chris Kyle Frog Foundation, CKFF, is to honor God, country and families who serve by providing experiences that strengthen military and first responder marriages and families. WHY WE DO IT. Some jobs are simply more challenging than others, and those jobs demand greater sacrifice and service. Too often, the family support network for those serving our country — either as a member of our armed services or as a first responder — can be overlooked or forgotten. As a nation, we are beginning to discuss and understand how a life of service and sacrifice can negatively contribute to frayed marriages and fractured families. Together, our work is creating a positive effect for those families by providing much-needed support. At CKFF, we do not believe serving your country or your community should mean sacrificing your family. OUR VISION CKFF envisions a connected community of military and first responder couples and families that are happy and healthy despite the extraordinary challenges demanded from them. We want these marriages to do more than merely survive; we want them to thrive.

We believe that we're only as good as the good we do. All the facts and figures that talk to our size and diversity and years of history, as notable and important as they may be, are secondary to the truest measure of Deloitte: The impact we make in the world. So, when people ask, "What's different about Deloitte?" the answer resides in the many specific examples of where we have helped Deloitte member firm clients, our people, and sections of society to achieve remarkable goals, solve complex problems, or make meaningful progress. Deeper still, it's in the beliefs, behaviors, and fundamental sense of purpose that underpin all that we do. With more than 150 years of hard work and commitment to making a real difference, our organization has grown in scale and diversity—approximately 245,000 people in 150 countries and territories, providing audit & assurance, tax, legal, risk and financial advisory and consulting services—yet our shared culture remains the same. For us, good isn't good enough. We aim to be the best at all that we do—to help clients realize their ambitions, to make a positive difference in society, and to maximize the success of our people. This drive fuels the commitment and humanity that run deep through our every action. That's what makes us truly different at Deloitte. Not how big we are, where we are, nor what services we offer. What really defines us is our drive to make an impact that matters in the world.

Pet Paradise Resort

Company Web Address:

<https://www.petparadiseresort.com>

Company Main Phone Number:

904-363-3330

Description:

The Pet Paradise Resort and Day Spa(R) story began in 2002 when Founder, Fred Goldsmith, was looking for a place to leave his Bichon Frise, Samantha. So, like any good “pet parent” would do, Fred shopped around for the best place for his pet. As an entrepreneur with experience in the hotel software business, Fred quickly recognized there was an unmet need in the market - and then, the light went off. The idea was not only to build a better pet boarding facility, but also to build something convenient that gave owners peace of mind when they left their pets. In December 2002, Fred led a group of investors who bought the first Pet Paradise resort. Five months later, Pet Paradise expanded to two locations with its acquisition of a Palm Coast facility called Happy Dog Inn and in 2005 built the first airport prototype location in Jacksonville. Now, 14 years later Pet Paradise has over 950+ employees and 33 locations throughout the southern region of the country. In June 2016, Pet Paradise entered into a partnership with Crane Group, a family-owned holding and management company based in Columbus, Ohio. Crane now has majority interest in Pet Paradise which will allow innovation, growth and new opportunities for the company.

R. Riveter

Company Web Address:

<http://www.riveter.com/>

Company Main Phone Number:

855-466-6042

Description:

R. Riveter is an American success story, Shark Tank winner and handbag company on a mission to empower, inspire and connect military spouses across the nation. The company began four years ago in a small attic, in a tiny mountain town called Dahlonega, Georgia — home of the Appalachian Trail, moonshine and the 5th Ranger Battalion. Armed with a sewing machine and a little bit of canvas, military spouses, friends and R. Riveter co-founders Cameron Cruse and Lisa Bradley set out on a mission to solve employment struggles military spouses often face. Now, employing military spouses across the country to produce quality handbags and purses, R. Riveter has grown into a bold and achievable mission shared by many — to inspire, engage and empower. From evening clutches and functional cross-body bags to large totes appropriate for work or travel, R. Riveter crafts handbags for every occasion. The company also created Post to Pillar, a curated marketplace for military spouse makers, both in stores and online. Products in the marketplace range from home décor to accessories, and continue the R. Riveter mission.

“R. Riveter is more than just building our own products using military spouses. Our goal is to develop and expand the entire military ecosystem. It’s a growing and vibrant entrepreneurial community that can change lives. I’m proud to be associated with them.”

- Mark Cuban, Shark Tank investor

Founded in 1948, Robert Half is the world's first and largest specialized staffing firm and a recognized leader in professional consulting and staffing services.

Back in 1986, the idea of the professional-level temporary was still untested, as the industry was primarily made up of generalist staffing firms placing clerical and light industrial workers. Believing that companies would be open to temporary workers at higher skill levels, Robert Half launched a series of new professional staffing divisions, each of which has grown into highly successful businesses. In later years, other companies saw the value in this approach, and professional level staffing is now the fastest-growing segment of the staffing industry. In Robert Half's 70-year history, the company has built a stellar reputation for high ethical standards, a specialized focus and unparalleled service.

SRS Distribution

Company Web Address:

<http://srsdistribution.com/>

Company Main Phone Number:

214-491-4149

Description:

SRS Distribution Inc. consists of a family of industry-leading, independent roofing distributors with a common goal and purpose: to focus all of our efforts on serving the professional roofing contractor. SRS is a private company sponsored by Leonard Green & Partners and Berkshire Partners and led by a management team of industry veterans who understand the needs of the professional contractor.

SRS has grown rapidly through acquisitions and the opening of multiple new locations since the February 2008 inception (more fully detailed in “Our History”). This continual growth has established SRS as one of the fastest growing building products distribution companies in the U.S. SRS enjoys strong investor and banking relationships and a solid balance sheet to enable us to remain a high-growth company in the years ahead.

The goal of SRS is to form the strongest national network of independent roofing distributors with the most talented team of people working together to deliver the industry’s best products and services. In addition to our commitment to customer focus, SRS strives to become the preferred employer in the industry with highly motivated and engaged employees operating in an entrepreneurial culture where the corporate office works for the field and not the reverse.

SRS also aims to become the most attractive distribution partner to our many valued suppliers by forming collaborative relationships built on trust and friendships that date back many decades. SRS has a very narrow product focus with roofing making up almost 95% of sales. This focus allows us to enjoy a broader and deeper inventory of roofing products at each location than many of our competitors. We have the capabilities and equipment to deliver any product you need, where you want it, when you need it.

912-368-3332

Description:

The Heritage Bank is a Community Bank operating in Southeast Georgia offering complete financial services to our market. The Heritage Bank was founded in 1911 and was originally named The Hinesville Bank. The early 1940s brought much change as the area was chosen for a new anti-aircraft training facility. This tiny new post grew into Fort Stewart during the 1950s and proved to be a dynamic part of the community. As the years passed, the bank maintained its client-focused service and recognized the need for additional facilities to allow for greater client convenience. Branch expansion began with the Fort Stewart Branch in 1968 and has been steady ever since. In 1997, The Hinesville Bank changed its name to The Heritage Bank to better reflect the different service areas. Since the early days, clients have counted on THB for sound financial management, great service, and convenience.
